ARCHIE REID.

DUFFY'S FORMULA

A Certain Cure for the First Stages of Consumption.

Its main ingredients are raw beef and Duffy's Pure Malt Whiskey, and it stimulates the appetite and builds up the tissues as no other tonic does.

"I am a Presbyterian clergyman and a Doctor of Divinity, but I am not a doctor of medicine. I have used Duffy's Formula as a medicine, and I know of no other medicine that does so much for the lungs as this one."

REV. D. H. BILLS, New York City.

Duffy's Formula is for sale by all druggists and dealers. Price, 50c per bottle.

Dr. Duffy's Malt Whiskey Co., Rochester, N. Y.

DO NOT

Allow your Clothing, Coat, or Woodwork, washed in the old rubbing, twisting, wringing way. Join in the large army of sensible, economical people, who from experience have ascertained that James Peale's Formula, used as directed on each package, saves time, labor, rubbing, wear and tear.

Your Clothes are worn out more by washing than wearing. It is to your advantage to try Pealene.

JAMES PALE, New York.

BORN, BAILEY & Co.

An elegant line of the latest things in French novelties for dresses, new and beautiful styles at Bort, Bailey & Co.

ORGANIZE, REPUBLICANS.

A Meeting to Organize a Republican Club in Janesville.

All persons who favor republican administration and a judicious revision of the tariff for the better protection of American labor and industries, for the maintenance of the principles inaugurated by Lincoln, adopted by Grant, and perpetuated by Hayes, Garfield and Arthur, are respectfully requested to meet at the common council room on Thursday evening, February 23rd, at 7:30 o'clock, to organize a republican club for the campaign of 1888.

By request of many republicans.

Janesville, Feb. 23rd, 1888.

REMARKS.

—We all celebrate to-day.

—Attend the lecture at the opera house this evening.

—Wesley Wood is making a brief visit to friends in Chicago.

—Major R. S. Rockwood, of Portage, is registered at the Grand.

—The "Streets of New York" will be the Genovese Rogers company.

—The Odd Fellows will give a social dancing party at Odd Fellows hall tomorrow evening.

—Rock county's Obedience society will hold its annual meeting at Post hall in this city March 5th.

—Dadger Council No. 223, Royal Arcanum, assemble in regular semi-monthly meeting this evening.

—Vaccination Lodge No. 14, I. O. O. F., occupy Odd Fellows hall this evening—regular weekly meeting.

—Literary salad will be served at the social in the Congregational church Friday evening. Come one, come all.

—Ogden H. Fether, Esq., has gone to New York and Washington legal business. He will be absent about ten days.

—The water works chimney has been smoking all day, which indicates that there has been a fire in the boiler furnaces.

—W. J. Tescott's description and a picture of his gold-headed cane now hangs in the window of King's boot store.

—Mr. Herman E. Dick and family, of the fourth ward, will remove to Chicago, making their home in one of the suburban villages.

—"Bill Nye" was registered at the Grand this morning. It was not Bill Nye of Boston, however, but an innocent traveling man from Chicago.

—Reception committees from each of the Young People's Christian Endeavor Society's of the city will attend to the comfort of the guests at the union social this evening.

—Material is being gathered for the Janesville chapter in the next edition of the State Gazetteer, or business directory.

—Alfred Mayers, of Milwaukee, is the agent in charge.

—Miss Mathe Benedict will organize an adult class for elementary instruction in vocal music on Thursday evening of this week at half-past seven o'clock, at her rooms opposite the postoffice.

—A "Surprise Party" that nobody can afford to miss will be given at All Saints church to-morrow evening. Besides numerous novelties that are not to be made public until the entertainment begins there is to be a musical and literary programme of unusual merit.

—The funeral of Mrs. Bankley, a member of the Salvation Army corps, took place at the "Barracks" on South River street at two o'clock this afternoon, there being a large number of people in attendance. The services were conducted by the Rev. Thomas Walker, pastor of the First M. E. church. The remains were taken to Oak Hill cemetery for burial.

—By request of the pastor, and ladies of Court Street M. E. church, the ladies old and young, are requested to tarry after prayer meeting to-morrow evening to perfect arrangements for furnishing their room in the hospital. Let everybody come to prayer meeting ready with suggestions and aid. Let this request be remembered by all.

—Superintendent Keyes is now adopting "higher education" to common school principles. A series of examinations have shown that pupils in the high school spell worse as a general thing than those in the lower grammar rooms; and next term the high school's weekly rhetorical exercises will be replaced by work in spelling. The three R's still seem to be making themselves heard.

—Those missing the union social this evening will miss a rare treat. The programme arranged is of unusual excellence, talent being drawn from the combined forces of the Baptist, Congregational, Presbyterian and Court Street M. E. churches. Admission will be free, but a ten cent anniversary offering will be taken during the evening by those who desire.

—Keeping Lent is sometimes a good deal of a trial. It was for one of the Christ church trustees last night. He had decided as a penance to give up everything in the line of sugar until Lent was over; and when he sat down at the Rectory Society's supper table he had to eat his bread waffles "un-buttered," while the rest of the crowd luxuriated in admitted portions of Vermont maple syrup. The expression on his face was a study.

—Genovese Rogers company is proving itself to be one of the best of the kind that has ever been in the city. Last night Lappin's hall was crowded to the doors. The play was "Bubble," a musical comedy possessing much merit and unlimited opportunities for fun. It really outshined many of the higher-priced attractions. To-night the company will present "Streets of New York," with Miss Rogers as "Alida Bloodgood." The house should be crowded.

—There was a daring burglary on North Main street last night. Somebody tipped over one of the salt barrels in front of Eble's grocery, out out part of a stove with a jack-knife and stole fifteen pounds of salt. The salt was worth a trifle over ten cents and the work done in getting it would be cheap at half a dollar. Consequently Mr. Eble is curious to know who the guilty man is, and offers to give him the remainder of the barrel if he will only call around and get it.

—Two hundred lilycypsus in full bloom lent their fragrance to the air as a Gazette reporter stepped into Walter Helms' Main street green house this morning. The sight was a beautiful one, besides the lilycypsus, there were moss roses, Marshall Lilies, heliotropes and scores of other flowering plants. Mr. Helms' flower trade has grown to surprising proportions, and for the lilycypsus especially the demand is almost greater than the supply.

—Occasionally an item will escape the notice of even the liveliest of newspaper reporters, and sometimes happenings with which prominent names are connected will, for a time, fail to be uncovered. Sooner or later, however, the reporter comes out ahead. There was a case of this kind Monday afternoon, when Tom Croft got his right hand caught in some gear at the Molecan woolen mills, smashing the four fingers severely. It was found necessary to amputate the second finger at the second joint. The wound is a very painful one, but Tom is doing well, and will soon have the use of his wounded hand, minus a portion of one finger.

THE ROY AND THE MATCHMAKER.

It Proves To Be a Story Not Generally Remembered.

It-to-day was a legal holiday it was not enough of one to bother anybody but the courts and banks. It didn't even draw bustling to the flag-staffs of the Grand Army and the militia. But the Liberator's (editorial) were out in full force. They formed a line soon after half-past twelve, and when the 11:15 train came in they were drawn up along the depot platform to receive Judge Pendergast and Hon. J. W. Hines, of Chicago.

From the depot they escorted their guests to the Myers house, a reception committee consisting of Mayor Winans City Clerk Fenton, Dean McGinnity Superintendent Keyes, E. C. Harlow and John Baker accompanying.

The procession was made up as follows:

Chief Marshal—John W. Hines.

Assistant Marshals—John R. Ryan and Daniel Ryan.

Catholic Cornet Band.

Division No. 1, A. O. E. H.

Division No. 3, A. O. E. H.

St. Patrick's A. O. E. H. Society.

The band led.

After resting for a short time Judge Pendergast and Mr. Hines were taken for a drive through the city. This evening they will address the Lead League rally at Myers opera house.

THE COUNTY FAIR.

New Attractions Added and the Premium List Revised.

The board of directors of the Rock County Agricultural Society were in session all day yesterday making up the premium list for the coming fair. We are glad to see that they believe in progress. The premium list is to be enlarged in many ways, among which we notice fifty dollars cash appropriated for the children; additions are made to the horse department; lot for fat cattle to be loaded and sweepstakes for each breed of cattle; premiums are also doubled in the feed and grain department; cash premiums are offered for furniture, brooms, etc. Sweepstakes in cash for best show of machinery; cash premiums are offered to merchants for best display of goods. Two hundred and fifty dollars was appropriated for prizes in the band tournament, and many other additions were made.

In connection with the Band contest it is proposed to have a grand band concert at the time one evening during the fair week, the proceeds to be given to the bands. This will be something worth noting; as there is no doubt it will call at least eight or ten bands of music to the city during the fair.

A generous offer has also been made to the Caledonian society to take charge of Scotch games one day.

The speed list has also been enlarged, and altogether the programme is the best ever laid out and we predict a big success this fall.

The premium list is to be issued in March this year and five thousand copies, instead of three as heretofore, will be distributed. Our merchants will be called on to take advertisements in the same and every one should take a page, as the price will be low and the fair will interest every one in Rock County.

Western Passengers.

Western passengers should bear in mind that the Chicago & Northwestern railway is the only road furnishing a direct outlet, without tedious delays and lay-overs, between Janesville and Council Bluffs, Denver and all Colorado and California points.

The train leaving Janesville at 12:05 p. m. makes direct connections at De Kalb with the Northwestern main line train running through to Council Bluffs without change, and making direct connections there for all points west and southwest.

Full information can be obtained by applying to C. A. Potter, agent, Janesville.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 15 degrees above zero. Partly cloudy with southeast wind.

At one o'clock p. m. the register was 40 degrees above zero. Clear with south wind. For the corresponding hours one year ago the register was 25 and 41 degrees above zero.

Othello's occupation is gone. He used to spend days and nights carrying out the refuse to the city dump, but now he only comes down and laughs to think how easily he was cured by Salvation Oil at 25 cts.

Wm. H. Vanderford, Esq., editor of the Democratic Advocate, Westminster, Md., writes that he has used Dr. Bull's Cough Syrup and knows it to be a good medicine. Buy it. Try it. 25 cents.

HYMNICAL.

It happened on this wise. The bride, Miss Day, was led in by Sol, who gave her away.

Sir Night was the groom, the best man, Mrs. Day, the bride and the family.

Old Twilight, the groom, joined them in one, and the bride and groom were joined in one.

The bride had her face on the breast of her groom and a turn away for the wedding was over. —The Altar.

Troubled with worms? Take Vinegar Bitters—best thing in the world for worms!

For a bang up, good wearing shoe, the Rock Bottom, at Minor's, O. P. O., for \$2.50, takes the cake.

HE PULLED TOO QUICK.

Detective "Bumpus" Appears to Have Put His Foot in With a Vengeance.

No Evidence Developed Except By Rock County Officers—Some of the Points.

Mr. and Mrs. Wolhaupter having been released on their own recognizance, interest in the search case will cure more down. It is the general opinion that Detective "Bumpus" or whatever his name may be—needs selling. His prisoners have been put on their guard, without having any new evidence developed.

To-day's dispatches say: "The detective came to Iron Mountain, a stranger two months ago, claiming to be a Methodist minister. He held meetings in the Methodist church and made himself very familiar with people, succeeding in getting up quite an interest in religious matters. Last evening his true mission was disclosed when he caused the arrest of the Wolhaupters."

The Wolhaupters knew they were being watched, however, for Mrs. Wolhaupter was laughing about it when she came to the city on a visit.

"There are more detective around," she said, "than there are flies in a sugar bowl."

Last night Marshal Hogan heard from the family several times. O'coo it was in regard to getting the two young boys out of the reform school; and once concerning the whereabouts of Warren. It seems that the boy laid hands on about fifteen dollars belonging to his employer at Iron Mountain and skipped the town. His present address is therefore unknown.

Mention was made last evening of the fact that the bullets found at the Search place and those formerly used by Wolhaupter in his revolver corresponded closely. Although Wolhaupter's revolver was a 41-caliber it is a muzzle loading, and anything can be used in it from bird shot to slugs half as large as a man's thumb. It was noted at the time of the arrest that the bullets killed Mr. and Mrs. Search seemed to have struck "broadside". On one side they were flattened while on the other they were unmarred. Even the milling or rings about the lead remained perfectly clear. It is insisted that had the revolver been a breech-loader with cartridges to fit the milling would have been entirely smoothed off by the grooves in the barrel. The balls would also have been battered on the end instead of in the side, being kept from turning over in the air by the rifling.

Experiments have shown these theories to be well founded. 32 caliber bullets fired from a muzzle-loading army revolver struck evidence nine times out of ten and were marked exactly precisely the same as those shown at the inquest. Bullets fired from a breech-loader, however, struck fairly on the end almost invariably and no trace of the milling was left in any case.

After making his experiments Sheriff Ward took steps to find what kind of ammunition Wolhaupter usually used. In his trials the sheriff had taken his bullets from ordinary cartridges but found it a troublesome job. Finally he called in Warren, who was then serving his sentence for stealing from Rogers & Hatchinson.

"Warren," he said, "here's a lot of cartridges that I want the bullets taken out of. They come handy once in a while for clock hunting. Can't you try your hand at it?"

"Why, I just as soon," responded Warren, "I've taken these things out lots of times. A pair of old shears is the best—or here—"
